March 19 - Below, for downloading, is a flyer for the District V. Informational Meeting. This meeting was scheduled weeks ago for a question and answer session with District V Trustee and Board of Trustees President, Anne Dorrough on March 24, 2014. Unfortunately this same date was scheduled as an alternate date for the regular monthly meeting of the Board of Trustees and the Trustees" Bylaw Committee meeting by the Board President. The Bylaw Committee meeting has been called off and postponed to another date due to conflict of schedules. The Board of Trustee meeting is still on as of today.

The District V meeting will go on with or without their trustee being present as the members have many questions that they wish to raise and discuss. Questions will be forwarded to Ms. Dorrough for her input. District V members are urged to attend as the SEC is at a crisis point and needs the attention of all of its members
