

2023- Template

Hello Everyone,

As you know, the hope is that legislation will pass (in this session) that will prevent the movement of massive quantities of water out of our community to benefit an international corporation financially. Below is a template that you can use to reach the appropriate Senator, and/or the appropriate Representative. Please contact them with your request to consider this issue (by post or by email).

Thank you,  
Carol Pittman

Senator Siah Correa Hemphill  
PO Box 1711  
Silver City, New Mexico 88062

siah.hemphill@nmlegis.gov

Dear Senator Hemphill,

You are aware of the threat we in northern Catron County face keeping our water from being transported away from our community to benefit a foreign corporation financially.

You are our voice in the New Mexico Senate. If there is anything you can do to help us it would be appreciated.

Thank you for sponsoring good legislation,

[Your Name]

[Your address]

And/Or To:

Representative Gail Armstrong  
PO Box 326  
Magdalena, New Mexico 87825
